Non-Mainstream Solutions Windows 32-bit version is not supported on 64-bit versions of Windows. The reason is that these plugins need to access the 32-bit version of the Direct3D library (D3D11.dll) which is not available in 64-bit Windows. On Windows 64-bit, GTAIVbin will run in 32-bit mode with a subset of its functionality. The number of shareholders in the US company is five, including the e-commerce company's founder, Bryan Roberts. Three of the five are US citizens: Roberts, who still lives in Scottsdale, Arizona; Roberts' wife, Louise Roberts; and their daughter, Casey Roberts. Roberts' stake is about 6% in the US company, which would put it at around $300 million. Alibaba's stake in ShopRunner is not disclosed. ShopRunner, which was acquired by eBay in 2011, had reportedly generated $4.1 billion in revenue last year. The company is said to have enjoyed strong growth over the past two years, as well as its recent round of investments. In November 2012, the company acquired online retailer Plated, which is based in San Francisco, for $186.5 million. In April, Amazon reportedly acquired the Buy Box tool for retailers, for around $1.5 million. ShopRunner is often referred to as a competitor to Amazon.com, and in fact it has been working towards striking a partnership with Amazon, one that would allow Amazon to sell its own products alongside ShopRunner's. ShopRunner's CEO, Erik Blachford, said last month that the company has been talking with Amazon for two years, but that any deal would take some time to finalise. "We are exploring some models," he told TechCrunch. "It's a complicated thing. There is a lot of work to be done." ShopRunner's chief financial officer, Jeff Str
