The Lord of the Rings is a 2001 fantasy film adaptation of the books of the same name by J.R.R. Tolkien, and is the second in Peter Jackson's trilogy which began with The

Lord of the Rings: The Fellowship of the Ring. The film follows Frodo Baggins, a hobbit of the Shire, on his quest to destroy the ring of power that Sauron has forged. It stars Elijah Wood, Viggo Mortensen, Ian McKellen, Aragorn, Sean Bean, and John Rhys-Davies. It was filmed in New

Zealand over twelve months,
in three parallel series of
principal photography.

The Lord of the Rings movie is
set in the fictional land of
Middle-earth and draws
heavily on the two Middle-
earth novels by J.R.R.

Tolkien, The Lord of the
Rings and The Two Towers.
The films do not follow the

books exactly, and many names and events are changed. Although some liberties have been taken with the plot, the films generally follow the books in tone, and there are elements that show the development of the story.

The Lord of the Rings movie is the second film in Peter

Jackson's popular adaptations of J. R. R. Tolkien's *The Lord of the Rings*. It was released in the UK on June 15, 2001, and in North America on December 19, 2001. It was followed by *The Two Towers* (2002) and *The Return of the King* (2003), released in 2003 and 2005, respectively. Frodo gets

drawn into a greater conflict after the defection of a close friend, Samwise Gamgee. Meanwhile, Sauron, the evil dark lord of the ring, has become more powerful. Since 2001, the trilogy has become the second highest-grossing film series in terms of box office revenues. The Lord of the Rings movie has

earned over \$1.7 billion worldwide and won numerous awards. The trilogy as a whole won the 2001 Academy Award for Best Picture. It has also won several Golden Globe Awards, British Academy Film Awards, Saturn Awards and other awards. The trilogy as well as its sequels have

sold over 450 million DVDs and CDs worldwide. The series of films started an Extended Edition era with the 1999 Extended Edition DVDs, which contained over 8 hours of material, and two related two-disc director's cut DVD sets, which were released a few years later, in addition to the theatrical

versions. A single three-disc
DVD set of all three
