AND date_created > " + last_week + " ORDER BY date_created DESC, day ASC, ASC", new String[]{"topic_id"}); I want to replace "last_week" with a value that I retrieve from an array. ArrayList weeks = new ArrayList(); while (hasNext()) { Long week = weeks.get(0); if (week!= null) { weeks.add(week); } Log.e(TAG, weeks.get(0)); I'm getting the correct value from the loop, but then I try to use it in the query as below, I always get a syntax error: String week = this.arrayList Cursor my_cursor = db.rawQuery("SELECT * FROM my_table" + " WHERE topic_id =? AND date_created > " + week + " ORDER BY date_created DESC, day ASC, ASC", new String[]{"topic_id"}); As
