Ask HN: Placing an Ad in HN Help Wanted thread - thorajeh I have a question about how to place an ad in the "Help wanted" thread.I am currently a student at my local community college, and I use HN to explore new career options. There are usually several jobs in the HN thread that I want to apply to, and I have always just gone down the rabbit hole to look at all the other careers and jobs, and throw up a comment to one of those jobs that I am interested in applying to. However, a job posting that doesn't have an address or telephone number is essentially worthless, so I always end up looking at all the jobs. The problem is, if I only look at jobs that have an address/telephone number, I never see the ones that are new since my last visit.How can I locate jobs in the HN thread that I want to apply to, without getting lost in a sea of other jobs? ===== karthikb I am in the same situation right now... Without any search criteria it is always very difficult for me to get in the "New" jobs.. But having an email in email id helps me a lot...
