==> New LaCie PetiteKey USB and DVD Drives – can work with both USB and DVD media – can also be used for data backup and data sharing the code." " Oh, really?" "You think so?" " That's my point." "There's no way we can fire eight perfectly good munitions when you're lying here telling me that the entire thing's a useless piece of technology." "Sir, General Hammond's approaching." "Excuse me." "It's all right." "I'll make the introductions." "All right." "I don't want to wait for the Council." "I'm not sure I want to wait for you." "OK." "Let's go." " Jack, Colonel

Carter, this is Dr Daniel Jackson." " Hi." " Hello." " " You're welcome to join us." "I'm sure there's a spare chair in here somewhere." "Thank you." " How'd you all find out about the naquadria?" " A Jaffa freighter caught fire on a planet near the source." " A small amount of the metal was recovered." " We analysed it." "It came from this planet." "We think the ruins of an ancient civilisation is buried here." " The source was meant to be buried." " Why did they need to know?" "I think they're after the naquadria." "I mean, they can sense the radiation, and when they feel threatened, they'll go after what they want." "But that's not possible." "That's because they're not Ancient." "I'm not sure what they are, but they're definitely not Jaffa." "How does this work?" "We've taken some specimens back to Earth for analysis." "We'll know more in a day or so." "Where do you think this is?" "The text seems to suggest that it's somewhere in this general region." "Teyla, if you could work with this planet's sun sensors," "I think I've pinpointed the location."

"We think this planet may have the naquadria in it." "If you could get in, you might be able to get it out." "Good." "I'll get right on it." "I was told that your Goa'uld mother was an expert on naquadria." "She was." "Unfortunately, you see, we are losing control." "We have tried all means to combat the effect, but they fail." "If you are
